Mr. Fujimoto:

In order for processing of this certification application (FCC ID: VJ7-LT-9) to continue, the following issue(s) will have to be addressed:

- 1) Please provide a signed TCB contract.
- 2) The general report summary on page 4 of the test report states that modifications were made to the device in order to pass the test, and that the modifications are listed in Appendix B. However, in this Appendix, it states that no modifications were made. Were modifications made, and if so, please provide a list of these modifications, as well as a letter from the manufacturer, attesting to the fact that said modifications will be implemented into all production units.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Please upload responses and/or exhibits to the electronic filing website. Your correspondence number is VJ7-LT-9-1.

Best regards,
